GROUP PROFILE

SilverBridge offers solutions that modernise, digitalise and intelligently automate the operations and processes of companies offering financial products and services. Our experience in this area has been built over our 25 years of operating. Our understanding of financial services helps our clients to improve and simplify their business. We achieve this by developing software products, implementing software solutions and providing services related to the software. Our offerings are offered as cloud solutions.

Exergy is our flagship platform that enables core back office policy administration in the life assurance and pension fund industries. The Exergy solution can be customised to suit the needs of a client. The solution also extends to offer group scheme administration, as well as elements of medical and short-term insurance. This caters for clients wanting to offer a wider range of financial services products on a single platform.

Our software products and hosted services are rented to our customers on a monthly basis.

COMMENTARY

1. NOTES TO THE ABRIDGED AUDITED CONSOLIDATED FINANCIAL STATEMENTS

1.1 BASIS OF PREPARATION

The abridged audited consolidated financial statements are prepared in accordance with the requirements of the JSE Limited Listing Requirements for preliminary reports, and the requirements of the Companies Act applicable to abridged financial statements. The listing requirements require preliminary reports to be prepared in accordance with the framework concepts and the measurement and recognition requirements of International Financial Reporting Standards (IFRS) and the SAICA Financial Reporting Guides as issued by the Accounting Practices Committee and the Financial Pronouncements as issued by the Financial Reporting Standards Council and to also, as a minimum, contain the information required by IAS 34 Interim Financial Reporting. The accounting policies applied in the preparation of the consolidated financial statements, from which the abridged consolidated financial statements were derived, are in terms of International Financial Reporting Standards and are consistent with those accounting policies applied in the preparation of the previous consolidated annual financial statements, with the exception of the new standards and amendments adopted during the current year, and applied consistently by all group entities. The new accounting policies adopted and applied in the preparation of the consolidated financial statements are IFRS 16 Leases.

This abridged report is extracted from audited information but is not itself audited. The annual financial statements were audited by Mahdi Meyer Steyn Chartered Accountants Incorporated who expressed an unmodified opinion thereon. The audited annual financial statements and the auditor's report thereon are available for inspection at the Company's registered office. For a better understanding of the Group's financial position and results of operations, these abridged financial statements must be read in conjunction with the Group's audited financial statements for the year ended 30 June 2020 which include all disclosures required by IFRS ("Annual Financial Statements").

These abridged financial statements were prepared by the Group Financial Manager, Freddie van Heerden, under the supervision of the Group Financial Director, Lee Kuyper CA (SA).

The directors take full responsibility for the preparation of the preliminary report and that the financial information has been correctly extracted from the underlying annual financial statements.

1.2 TRADE AND OTHER PAYABLES

Trade and other payables comprised of the following:

	2020 R'000	2019 R'000
Financial liabilities		
Trade payables	684	474
Other financial liabilities	850	1 758
Incentive accrual	5 484	-
Non-financial liabilities		
Other non-financial liabilities	2 840	2 572
VAT payable	1 800	998
Total trade and other payables	11 658	5 802

1.3 EARNINGS PER SHARE

BASIC EARNINGS PER ORDINARY SHARE

Basic earnings per ordinary share is calculated by dividing the profit/(loss) for the year attributable to ordinary equity holders of the parent by the weighted average number of ordinary shares outstanding during the year.

	2020	2019
Reconciliation of the weighted average number of shares in issue		
Shares in issue at the beginning of the period ('000)	34 781	34 781
Shares repurchased and cancelled during the period ('000)	(449)	-
Effect of treasury shares acquired ('000)	(5 315)	(5 611)
Weighted average number of shares in issue during the year ('000)	29 017	29 170
Profit/(Loss) attributable to ordinary shareholders (R'000)	2 528	(7 539)
Basic earnings per share (cents)	8.71	(25.85)

DILUTED EARNINGS PER ORDINARY SHARE

Diluted earnings per ordinary share is calculated by dividing the diluted profit/(loss) for the year attributable to ordinary equity holders of the parent by the diluted average number of ordinary shares during the year.

	2020	2019
Reconciliation between weighted average number of shares in issue and weighted average number of shares in issue used for diluted earnings per share		
Weighted average number of shares in issue ('000)	29 017	29 170
Adjusted for - Effect of diluted number of shares ('000)	81	—*
Weighted average number of shares in issue used for diluted earnings per share ('000)	29 098	29 170
Earnings attributable to ordinary shareholders used for diluted earnings (R'000)	2 528	(7 539)
Diluted earnings per share (cents)	8.69	(25.85)

*Diluted shares are the bonus element relating to the share option schemes when comparing the issue price to the market price of the shares at year-end. None of the share options in issue had a market value higher than the strike price at the 30 June 2019 year end and therefore did not have a dilutive impact.

HEADLINE EARNINGS PER ORDINARY SHARE

Headline earnings per ordinary share is calculated by dividing the headline profit/(loss) for the year attributable to ordinary equity holders of the parent by the weighted average number of ordinary shares outstanding during the year.

	2020	2019
Weighted average number of shares in issue ('000)	29 017	29 170
Reconciliation between basic earnings and headline earnings		
Basic earnings (R'000)	2 528	(7 539)
Adjusted for:		
– Loss/(Profit) on disposal of equipment (R'000)	(66)	10
Headline earnings (R'000)	2 462	(7 529)
Headline earnings per share (cents)	8.49	(25.81)

DILUTED HEADLINE EARNINGS PER ORDINARY SHARE

Diluted headline earnings per ordinary share is calculated by dividing the diluted headline profit/(loss) for the year attributable to ordinary equity holders of the parent by the diluted weighted average number of ordinary shares outstanding during the year.

	2020	2019
Weighted average number of shares in issue used for diluted earnings per share ('000)	29 098	29 170
Headline earnings (R'000)	2 462	(7 529)
Diluted headline earnings per share (cents)	8.46	(25.81)

1.4 ASSETS AND LIABILITIES RELATED TO CONTRACTS WITH CUSTOMERS

Contract liabilities (Deferred revenue) and contract assets (revenue recognised but not yet invoiced) refers to the timing difference between recognition of revenue and invoicing to the client.

	2020 R'000	2019 R'000
Contract asset		
Revenue recognised not yet invoiced	2 617	4 342
Contract liability		
Deferred revenue	(2 853)	(1 162)
Net (liability)/asset	(236)	3 180

Zambia	976	1 330
Malawi	-	1 762
Tanzania	-	8
	90 411	87 696

1.6 RECOGNITION OF ASSETS AND LIABILITIES FOR LONG TERM LEASES

The new standard has been applied for the first time in the current financial period, as a result of the adoption of IFRS 16. The Group has recognised a right-of-use asset of R5.4 million representing its right to use the underlying leased asset and a lease liability of R6 million representing its obligation to make lease payments.

In accordance with this, depreciation of R2.3 million has been recognised on the right-of-use asset and interest of R0.5 million has been recognised on the lease liability. Cash repayments of the lease liability have also been classified into a principal portion and an interest portion and have been presented in the statement of cash flows by applying IAS 7 Statement of Cash Flows.

1.7 FAIR VALUES

The carrying amounts of all financial assets and liabilities are a reasonable approximation of their fair value.

2. CORPORATE ACTIVITY

2.1. DIVIDEND

The directors have declared no dividend for the year ended 30 June 2020.

2.2. BOARD OF DIRECTORS

There were no changes to the Board of directors during the current year.

2.3. B-BBEE AND EMPLOYMENT EQUITY

B-BBEE remained an important matter during the year under review. We are pleased with the progress made on our B-BBEE level and rating, notwithstanding delays caused by the global Covid-19 pandemic. A B-BBEE verification process was undertaken, in terms whereof SilverBridge's B - BBEE level improved from a level 8 to a level 5.

During the next reporting period, the Committee will continue to monitor the implementation of various initiatives identified to improve the Group's overall B-BBEE rating.

3. APPOINTMENT OF AUDITORS

The Company undertook a formal process to review the appointment of the external auditor for the 2020 financial year.

Following the comprehensive tender process, Mahdi Meyer Steyn Chartered Accountants Incorporated, with Ms. Tiana Kluyts as designated audit partner, has been nominated as the Group's new external auditor.

4. AUDIT REPORT

The financial statements for the year ended 30 June 2020 have been audited by Mahdi Meyer Steyn Chartered Accountants Incorporated, with Ms. Tiana Kluyts as the designated audit partner. Their unmodified audit report is available for inspection at the Company's registered office.

5. SUBSEQUENT EVENTS

No events occurred subsequent to the year-end that would require adjustment to a disclosure on the abridged consolidated financial statements.

6. FINANCIAL RESULTS AND PERFORMANCE

Over the past year we have seen the impact of past actions taken to reposition the business start to bear fruit. Our suite of products continues to remain both value-adding and relevant to our clients, particularly in the last quarter of the year, as businesses globally shifted to a predominantly work from home environment. Our focus on the modernisation of core insurance systems and digitalisation of processes is more relevant now than ever before.

Our strong client relationships, in which we have invested over years, have proven to be invaluable during what has been a difficult year for most. Throughout the year the continued economic and political uncertainty in our client environments continued to make operating difficult. This has only been compounded by the impact of COVID-19. Despite these challenges, we have added four new clients and have managed to see good growth in the additional value-added work we do for them.

Operating profit increased from a loss of R8.4 million in the prior year to a profit of R3.2 million in the current year. The current year's operating cost includes an incentive accrual of R5.5 million, which further highlights the improvement in our performance when comparing to the prior year. Revenue increased by 3% during the current year. Development costs, related to our core product, of R1.5 million was capitalised in the current year compared to no capitalisation in the preior year. We are pleased that we have been able to provide for incentives for our people, which is a first in a number of years.

The Group posted a net profit of R2.5 million compared to a net loss of R7.5 million in prior year.

Many clients continue to find it difficult to pay on normal agreed terms, with one Zimbabwean client contract ending due to their inability to continue with payments in the future. However, by supporting our clients through difficult periods we have managed to improve our cash collection and, together with careful working capital management, our overall cash position.

The overall cash position of the Group increased from R7 million to R20.8 million at year end. The consolidated Statement of Financial Position remains debt free.

SEGMENTAL REVIEW

Implementation services

This segment implements our solutions for clients and is project based.

Revenue increased by 122% to R4.2 million from R1.9 million in the prior year. We had an increase in the number of implementation projects during the year, which included implementations in our artificial intelligence (AI) division.

After the allocation of indirect costs, the segment posted a loss of R3.4 million compared to a loss of R4.3 million in the prior year.

We remain pleased with our implementation approach and the gross margins that the projects produce.

Support services (excluding maintenance)

Support is contracted on a monthly basis and is annuity based.

Revenue increased by 20% from an increase in demand from existing clients. The higher demand has resulted in higher renegotiated contract values. The segment posted a profit of R3.6 million compared to a loss of R8.8 million in the prior year.

Hosting and outsourcing services

This segment provides cloud-based hosting and full business process outsourcing services to our customers.

Revenue decreased by 3% from R4 million to R3.9 million as a result of the closing of our FSCA registered outsourcing business. We however secured new cloud hosting contracts which made up for most of this lost revenue. The segment posted a profit of R0.2 million compared to a loss of R2.5 million as a result of the increase in hosting revenue but also the reduction of costs related to the outsourcing part of the segment.

We remain satisfied with the cloud-based hosting part of the segment where we expect growth in the future.

Software rental and maintenance

Software rental is annuity based.

Revenue was down 15% due to our Nedbank Insurance contract coming to an end in the prior year. The segment posted a profit of R24.7 million compared to R29.3 million in the prior year. While we continued to invest in the maintenance of our products, we were able to do so at a comparatively lower cost in this period.

Our software and the growth of our annuity rental stream remain a core focus going forward.

Research and development (“R&D”)

Total direct costs were R9.5 million compared to R8.1 million in the prior year. The increase is as a result of the research and development being done on our new AI offering. Costs of R1.5 million related to the development of a digital onboarding portal, which has already been implemented at a few customers, has been capitalised.

The investment into new products remains an important part of our business for the future.

7. DISTRIBUTION OF INTEGRATED ANNUAL REPORT AND NOTICE OF THE ANNUAL GENERAL MEETING

Shareholders of the Company (“**Shareholders**”) are hereby advised that the Company’s integrated annual report (“**Integrated Report**”), incorporating the full audited consolidated annual financial statements of the Company for the year ended 30 June 2020 (“**Annual Financial Statements**”) and the notice of the annual general meeting of the Company (“**Notice of AGM**”) was dispatched to Shareholders today, 17 September 2020.

The Integrated Report and the Annual Financial Statements will also be available on the Company’s website, at https://www.silverbridge.co.za/investors/Investor_Presentation/FY2020.pdf as from today, 17 September 2020.

Notice is hereby given that the Annual General Meeting of the Company will be held at 10:00 on Friday 30 October 2020, to transact the business as stated in the notice of the Annual General Meeting, which

is contained in the Integrated Annual Report to be distributed on 17 September 2020.

The board of directors of SilverBridge (“the Board”) has determined that, in terms of section 62(3)(a), as read with section 59 of the Companies Act, 2008 (Act 71 of 2008), the record date for the purposes of determining which shareholders of the Company are entitled to participate in and vote at the Annual General Meeting is Friday, 23 October 2020. Accordingly, the last day to trade in SilverBridge shares in order to be recorded in the Register to be entitled to vote at the Annual General Meeting will be Tuesday, 20 October 2020.

The Board has, in the circumstances, determined that it is necessary, prudent and preferable that the AGM be held by way of electronic participation only, and not by way of a physical meeting.

The AGM will accordingly only be accessible through electronic communication, as permitted by the JSE and in accordance with the provisions of the Companies Act and the Company’s memorandum of incorporation (“MOI”). The Company has retained the services of The Meeting Specialist Proprietary Limited (“TMS”) to remotely host the AGM on an interactive electronic platform, in order to facilitate remote participation and voting by shareholders. TMS will also act as scrutineer for purposes of the AGM.

Shareholders who wish to participate electronically in and/or vote at the AGM are required to contact TMS on proxy@tmsmeetings.co.za or alternatively contact them on +27 11 520 7950/1/2 as soon as possible, but in any event no later than 10:00 SA time on Wednesday, 28 October 2020. TMS will assist shareholders with the requirements for electronic participation in, and/or voting at, the AGM

8. GROUP OUTLOOK

Despite the many challenges over the past year we are well positioned for the future. Our turnaround efforts have been successful, and the investments made into new offerings and market positions have seen a heightened relevance for the future. Our core business remains healthy and our efforts in delivering value to our clients' digital transformation objectives are a key part of our growth strategy.

In July 2020 we gained Managed Partner status with Microsoft which will bring our efforts together in the areas of building products, taking products to market and selling together on specific opportunities. This not only expands what is possible for SilverBridge but also brings a new level of credibility to our offerings in the areas of modernisation, digitalisation and intelligent process automation, the next evolution of our AI offering.

The COVID-19 situation presents many risks, most of all in the increased uncertainty that the world faces, it however creates new opportunities for businesses to accelerate digitalisation and reinvent themselves. Although we expect decision makers to remain cautious, we are well positioned for these opportunities.
